¹ By virtue of Act #1 of January 14 2009, during the second half of FY 2009 the Government used funds from the proceeds of COFINA bond issues to pay accumulated debts and other expenses related to transactions originated on or before FY 2009. This amount constituted a significant cash deficit inherited as a result of prior years cash management practices. Since this expenses were not included in the approved FY 2009 Budget, the Department of Treasury is in the process of identifying the specific details of the agencies affected by this expenses and finalizing the accounts reconciliation.
